

University of Illinois at Chicago
Guaranteed Professional Program Admissions Initiative (GPPA)

Conditions of Acceptance
College of Applied Health Sciences- Biomedical
Visualization Fall 2014

- Meet all requirements for the intended year of entry into the professional program. Admission requirements may change after you enter UIC. You are responsible for consulting with a BVIS advisor in order to stay abreast of any changes in admission requirements that may occur;
- Complete all prerequisite course work at UIC;
- Maintain a 3.5 GPA (A=4.0) each semester, yearly overall at time of entry to program;
- Maintain a full-time course load each semester (a minimum of 12 semester hours)
- Review academic progress with an AHS advisor once per semester;
- Membership in the UIC Honors College is strongly recommended, but not required.
- Enroll in the Biomedical Visualization M.S. Program during the year of acceptance;

Upon satisfactory completion of all program requirements, a seat in the Biomedical Visualization, Master's degree program (M.S.) will be reserved.
