In order to be admitted into the professional program through the GPPA you must:

- have earned a B.S. or B.A. degree by the term of entry into the M.S. program;
- declare your intention to enter the M.S. in Kinesiology program by submitting the following materials no later than January 1st prior to the fall term you intend to enroll in the M.S. program: transcripts from any school attended other than UIC, scores for the GRE general test, a recommendation letter from your KN 398/399 faculty advisor, and a 1-2 page personal statement outlining your objectives for graduate study. Entry into the M.S. program is in fall term only.

Process to appeal for reinstatement to GPPA status:

Those students whose cumulative GPA for the academic year is below 3.4 will lose their GPPA status as per the conditions specific for maintenance of GPPA status. A GPPA student who has lost GPPA status may appeal to be reinstated based on a presentation of special circumstances.

Any student admitted to UIC through the Guaranteed Professional Program Admissions for the M.S. in Kinesiology whose cumulative GPA in an academic year falls below the required 3.4 as of the end of Spring Semester may petition the faculty in writing to consider mitigating circumstances associated with the drop in GPA. If the faculty believes that the mitigating circumstances and the student's overall academic performance warrant special consideration, the student will be informed in writing that he or she may regain GPPA status if, by the end of the following Fall semester the student is able to bring the cumulative GPA to 3.4 or greater, and maintains all other conditions for continued GPPA status.
